

Joint Ph.D course in Molecular Biology

Head of the Ph.D course: Prof. Giuseppe Legname

Web site: <http://phdjumbo.sissa.it/>

Research lines:

- Molecular Biology of Cells
- Developmental Biology
- Plant biology
- Structural Biology of Proteins and Nucleic Acids
- Genomics
- Molecular Oncology
- Molecular Cardiology
- Molecular Mechanisms of Neurodegeneration
- Molecular Virology
- RNA therapeutics
- Drug Discovery
- DNA damage
- Molecular and Cellular Immunology

Fellowships available: 6

Admission: Academic and scientific qualifications + oral exam

Beginning of the Courses: 6 November, 2017

Evaluation of academic and scientific qualifications: 30 points

Access to Oral Exam: minimum mark of 21/40 in the academic and scientific qualifications evaluation

Evaluation of Oral Exam: 70 points

Total Evaluation: 100 points

Eligibility: 70 points

Single Session

Deadline for online submission of applications: 11 September 2017

Oral Exam: 20 September, 2017 at SISSA - Trieste

Candidates admitted to the oral exam will be notified by email by 15 September.

The results of the oral exams and the final ranking will be notified by email
